I am an urban development enthusiast with over 7.5 years of experience working with State and National government, international organizations and Think tanks.

I stay intrigued by people-centric public spaces and have special inclination towards climate resilient cities. I want to contribute towards creating a direct impact on communities I work with and realign city development goals along sustainable & inclusive goals.

WORK EXPERIENCE

Ernst & Young (EY), Delhi

Senior consultant, January 2025 – Present

- I am part of a team working towards Economic development of the region, alongside our client “Lucknow Development Authority”. My role involves strategic urban solutions, investment promotion, infrastructure development, land monetization, policy frameworks and enhancing regional networks to boost economy of the region. I extend support towards identification of projects and coordination for Uttar Pradesh state capital region (UPSCR), this provides me an opportunity to dive deeper into economic, environmental, social and governance goals of the entire region.

Remole, Hyderabad

Sustainability Advisor, May 2024 – December 2024

- Remole is a sustainable design studio bringing sustainability at our doorstep. They work with a diverse team of designers, engineers, and researchers to design & prototype innovative biophilic products which address the latent needs of the hierarchical society; collaborating with customers, investors, and partners, to validate and refine solutions, ensuring they meet the market demand and user expectations. My role was to explore various aspects of sustainability practices in their processes, including manufacturing, supply chain, production, ESG strategies, sustainable reporting and life cycle assessment.

Namratha Developers, Hyderabad

Program Coordinator, May 2023 - May 2024

- The project reinforces the belief of wellbeing as an individual and communal attribute by creating a community where wellbeing is not a forestretched concept rather thrive through the layers of its community lifestyle. The intent is to develop a sustainable and inclusive community thriving on communal wellbeing by adopting triple bottom line approach. My role involved project conceptualisation, Master plan development, stakeholders' collaboration and holistic project management.

Local Pathways Fellowship, UN Sustainable Development Solutions Network

Fellow, February 2023 – December 2023 (Remote, Part-time)

- UN Sustainable Development Solutions Network Youth's mission is to empower young people globally in materializing the Sustainable Development Goals (SDGs). The fellowship facilitates exchange of ideas & execution on local pathways for the United Nations New Urban Agenda. Each fellow takes up a local project, collaborates with stakeholders, polishes it with peer review and implements it by end of fellowship.

National Institute of Urban Affairs, New Delhi

Research Associate, April 2022 – April 2023

Infant Toddlers Caregiver Friendly Neighbourhood (ITCN)

- Capacity Building Programme
- Knowledge Building & Advocacy

- Project Management, Project coordination and Grant Management
