

NAME OF THE EXPERT

1.	Proposed Position				
2.	Name of Firm	FORVIS MAZARS			
3.	Name of Staff	GAURAV BHOKARE			
4.	Date of Birth	18/06/1995	Nationality	INDIA	
5.	Education Qualification				
	Degree Obtained	Institution/University		Year	
	PGDFM (Post Graduate Diploma in Financial Management)	IGNOU		2023	
	Bachelor of Engineering, Electronics & Telecommunication	MUMBAI UNIVERSITY		2018	
6.	Membership of Professional Associations	IEEE, CILT			
7.	Other Training	Six Sigma Green Belt			
8.	Countries of Work Experience	INDIA			
9.	Languages	Language	Speaking	Reading	Writing
		English	Excellent	Excellent	Excellent
		Hindi	Excellent	Excellent	Excellent
		Marathi	Excellent	Excellent	Excellent
10.	Employment Record				
	From	To	Employer	Positions Held	
	Mar 2025	Present	Forvis Mazars	Assistant Manager	
	Jan 2022	Feb 2025	CRISIL	Consultant	
11.	Work Undertaken that Best Illustrates Capability to Handle the Tasks Assigned				
	1. Name of the assignment: PSA Tuticorin Terminal – Dispute & Arbitration Support Year: 2025; Location: India; Client: PSA India; Position held: Project Consultant Main Project Features: - Supported PSA Sical in a high-stakes commercial dispute and arbitration at Tuticorin terminal by quantifying losses and validating claims. - Developed robust financial and sectoral models to assess revenue, cost structures, and operational performance gaps against concession terms. - Strengthened PSA's legal and negotiation position through evidence-backed financial analysis and sector insights. Activities performed: - Reviewed concession agreement, traffic/tariff assumptions, and operational realities to identify contractual and performance gaps. - Conducted loss estimation and claim assessment by analysing revenue streams, costs, and terminal performance benchmarks. - Prepared financial evidence, sector insights, and presentations to support PSA's legal counsel during arbitration and negotiations. 2. Name of the assignment: A comprehensive study of eight goods sheds of NR for Infrastructure, Business Development Plan, enhancing efficiency, Monitoring System, strengthening Eco-System, Value Added services and policy initiatives Year: 2025; Location: India; Client: Indian Railways; Position held: Project Consultant Main Project Features: - Modernisation of 8 goods sheds across 5 divisions of Northern Railway to improve capacity, efficiency, and multimodal integration. - Focus on mechanised handling of specialised cargo, global best-practice benchmarking, and private sector participation models.				

- Development of a strategic roadmap addressing infrastructure upgrades, operational bottlenecks, ecosystem constraints, and revenue optimisation.

Activities performed:

- Conducted as-is assessments, gap analysis, and benchmarking with global logistics standards to identify infrastructure and operational improvements.
- Mapped industrial clusters, commodity flows, and logistics potential to align goods shed facilities with regional economic demand.
- Recommended PPP-based development models, infrastructure phasing, and efficiency measures for rake handling, cargo movement, and multimodal connectivity.

3. Name of the assignment: Developing a bankable Detailed Project Report (DPR) and Monetising the Agri-Infrastructure facility

Year: 2025; **Location:** India; **Client:** Trident Agrocom Exports Limited; **Position held:** Project Expert

Main Project Features:

- **Prepared a bankable DPR (agri-infra facility at JNPA)** covering market analysis, technical feasibility, financial modelling, risk assessment, and implementation roadmap to ensure project viability.
- **Devised monetisation strategies** through PPP/lease models, commodity flow mapping, phased infra development, and revenue design (leasing, warehousing, value-added services).
- **Facilitated fund-raising and partnerships** by developing investment decks/IMs, managing investor data rooms, engaging with banks/FIs, and supporting contract negotiations with strategic partners.

Activities performed:

- Conducted market assessments, financial modelling, and risk analysis to prepare a comprehensive and bankable DPR for an agri-infrastructure facility.
- Designed monetisation strategies including PPP/lease models, commodity flow mapping, phased infrastructure planning, and revenue stream development.
- Supported fund-raising and stakeholder engagement by preparing teasers/IMs, managing investor data rooms, coordinating with banks/FIs, and assisting in negotiations.

4. Name of the assignment: EV charging infrastructure roadmap for Indian trucking industry

Year: 2024; **Location:** India; **Client:** IPLtech; **Position held:** Project Consultant

Main Project Features:

- Strategic roadmap for scaling heavy-duty electric truck adoption in India.
- Identification of high-potential freight routes and clusters for initial deployment of EV trucks.
- Mapping of high-density logistics corridors suitable for electrification based on freight volume and operational viability.
- Assessment of top-use applications across segments: 55-ton Tractor Heads, 49-ton Haulage, 19-ton ICV Trucks, and Tippers.

Activities performed:

- Conducted market assessment and route prioritization by analyzing freight flow, load types, and distance patterns across India.
- Identified the top 5 priority applications in each truck category based on feasibility, operational cost benefits, and electrification readiness.
- Evaluated charging infrastructure needs, stakeholder alignment, and policy implications for long-haul and short-haul electrification.
- Mapped state-wise freight corridors and logistics hubs with high potential for early EV adoption.

5. Name of the assignment: Demand Assessment for Commercial Vehicles

Year: 2024; **Location:** India; **Client:** Tata Motors - CV; **Position held:** Project Consultant

Main Project Features:

- Comprehensive assessment to forecast long-term demand for commercial vehicles across segments in India.
- Integration of macro-economic, freight, and policy linkages into demand modeling.
- Support strategic decision-making for product planning and market development.

Activities performed:

- Conducted segment-wise demand forecasting (HCVs, MCVs, LCVs, ICVs, SCVs) using historical data, growth drivers, and policy scenarios.
- Led stakeholder consultations with OEMs, fleet operators, dealers, and logistics service providers to capture market sentiments and ground-level dynamics.
- Built a macro-linked financial model factoring in GDP growth, freight movement patterns, fuel price trends, and regulatory interventions to project future CV demand.

6. Name of the assignment: Market Assessment of the Indian Tyre Industry

Year: 2023; **Location:** India; **Client:** ATMA; **Position held:** Project Consultant

	Main Project Features: • Comprehensive study to evaluate the current state and future prospects of the Indian tyre industry. • Benchmarking India's cost competitiveness against ASEAN countries. • Policy-focused assessment to support strategic advocacy and industry growth planning. Activities performed: • Conducted a detailed industry overview including production capacity, domestic demand, exports, and employment contribution. • Analyzed the regulatory and policy landscape, including duties, trade policies, and localization trends. • Performed competitive benchmarking of India with ASEAN peers on cost factors such as raw materials, energy, and logistics. • Engaged with key industry stakeholders and manufacturers to validate findings and incorporate ground-level insights. 7. Name of the assignment: Market assessment of Electric Quadricycles Year: 2022; Location: India; Client: Mahindra & Mahindra; Position held: Project Consultant Main Project Features: • Strategic study to evaluate the commercial viability and future potential of electric quadricycles in India. • Development of a comprehensive roadmap for adoption and regulatory integration. • Assessment of economic, environmental, and policy alignment for electric quadricycles in the Indian mobility ecosystem. Activities performed: • Conducted in-depth market research to identify key opportunities, segment gaps, and urban mobility needs. • Analyzed regulatory challenges and proposed innovative policy and infrastructure solutions to support quadricycle deployment. • Developed a TCO (Total Cost of Ownership) model to benchmark quadricycles against conventional and EV alternatives. • Evaluated market size, electrification trends, and long-term growth potential of the segment. 8. Name of the assignment: Market Assessment of the Passenger Vehicle Tyre Industry Year: 2024; Location: India; Client: Pirelli Tyres; Position held: Project Consultant Main Project Features: • Comprehensive analysis of the passenger vehicle (PV) tyre industry in India with a focus on PCR (Passenger Car Radial) tyres. Covered both OEM and replacement segments, segmented by rim size, tyre pattern, and brand. • Assessed past 5-year market trends and forecasted demand up to FY30. Included region-wise analysis and evaluation of top demand-driving cities. Segmentation by Runflat, Non-runflat, and Electric vehicle-compatible tyres. Activities performed: • Estimated the current market size of the PV tyre industry by rim size and tyre pattern, based on historical trends (last 5 years). • Conducted segment-wise and brand-wise market sizing for both OEM and replacement channels. • Analyzed rim-size wise market share of tyre manufacturers operating in India. • Built a future demand forecast model up to FY30 incorporating market dynamics and evolving vehicle trends. • Carried out a cost benchmarking of 5 major tyre brands across top 20 PCR vehicle models in India. • Identified top 5–10 cities driving regional demand and emerging as key markets for premium tyre segments.
	I, the undersigned, certify to the best of my knowledge and belief: (i) this CV correctly describes my qualifications and my experience. (ii) I am not a current or former public sector employee of a government department or agency of the Beneficiary (including the Executing or Implementing Agency). • If yes, declare relevant details including agency, role, and employment period: (iii) I am not a close relative (other than spouse) of a current ADB staff member. (iv) I am not a spouse of a current ADB staff member. • If yes, declare the staff member: _____ (v) I am not a former ADB staff member or executive director or alternate executive director of its Board of Directors. • If yes, I separated from ADB over 12 months ago: _____ (vi) I was not directly or indirectly involved in any part of the preparation of the terms of reference for this consulting services assignment. (vii) I will not be in a situation of actual, potential, or perceived conflict of interest by undertaking this assignment.

	• If yes or unsure, please disclose details of the conflict: _____ (viii) I am not debarred or temporarily suspended by ADB (ineligible for ADB engagement). (ix) I am not listed in the United Nations Security Council Consolidated List and I am not from a country which is prohibited to export goods to or receive any payments from the Beneficiary's country by an act of compliance with a decision of the United Nations Security Council taken under Chapter VII of the Charter of the United Nations. (x) I am not, nor have I ever been, temporarily suspended, debarred, declared ineligible, or blacklisted by any country, any international organization, and/or any other development or donor agency. • If so debarred, declared ineligible, temporarily suspended, or blacklisted, please state details (as applicable to each): ☐ Name of institution: _____ ☐ Period of debarment, ineligibility, or blacklisting (start and end date): _____ ☐ Reason for debarment, ineligibility, or blacklisting: _____ (xi) I have not been charged or convicted of any criminal offense (including felonies and misdemeanors) or infractions or violations of ordinance that carry the penalty of imprisonment. • If so charged or convicted, please state details (as applicable to each): ☐ Nature of the offense or violation: _____ ☐ Court or area of jurisdiction: _____ ☐ Resolution (i.e., dismissed; settled; convicted, duration of penalty): _____ Other relevant details: _____
	 Date: 02/05/2025
